## IN CRIME'S DOMINION.

**Ferrell's Appeal For Commutation of Sentence Is Rejected.**

**CLOSE OF PATTERSON MURDER TRIAL.**

**Sequel to the Refusal of a Kentucky Swain's Attention to a Blue Grass Belle—Kentuckian to Be Tried For Raising Dollars to Tens.**

Patterson, N. J., Jan. 17.—There was a large crowd gathered around the courthouse eagerly awaiting the close of the trial of Walter C. McAlister, William A. Death and Andrew J. Campbell, for the murder of Jennie Bosschier, the silk mill employee. The accused men were apparently more hopeful Thursday morning than they had been at any time since the trial began. Before they were taken from the jail to the courtroom they talked together and seemed to entertain the belief that their testimony had a favorable effect on the jury, and that Friday at the latest would see them once more at liberty.

As soon as court opened Assistant Prosecutor Ralph Shaw began his address to the jury. He said a killing that occurred in the perpetration of a felony constituted murder in the first degree. "We have learned," he continued, "that Jennie Bosschier was not quite 18 years old. She is entitled to the presumption that she was a virtuous, honest and upright girl. There is no evidence to the contrary. Her physical condition was such that she must have been able to take two or three drinks without bad effect." He gave a brief survey of the incidents of the evening and night of Oct. 18, as they were brought out by the witnesses for the state. In conclusion, Mr. Shaw said: "All the defendants are equally guilty as principals in this crime. The stories told by defendants on the witness stand proved a miserable failure as a defense. Such a defense is worthy of no consideration. Their story is to be weighed by what they said before, no matter under what circumstances they told it. With these facts presented the state is compelled to ask you, putting aside all sympathy, but in the name of justice, for a verdict of murder in the first degree."

Judge Francis Scott made the closing argument for the defense.

**Ferrell's Petition Refused.**

Columbus, O., Jan. 17.—The state board of pardons refused the application of Rosslyn Ferrell, who murdered Express Agent Lane, for commutation of death sentence to imprisonment for life. The board in an exhaustive report to the governor discusses the law and the testimony, the gist of its conclusions being that no reason is given why the board should intervene. The only hope now for Ferrell is an appeal to the governor from the decision of the board. In the report the three grounds in the petition, youth, previous good conduct and good behavior since arrest are treated as one, and the report says the same might be said of every person executed in the electric chair in Ohio, with one exception. It is also declared that Ferrell could have been convicted without his confession. As to the plea of temporary insanity, the report shows that the crime was committed with full deliberation.

**Sequel to Shooting Shotwell.**

Corbin, Ky., Jan. 17.—The blowing up of White's grocery where Rolla White, who had shot James Shotwell, was awaiting officers to put him under arrest, was supposed to have caused the death of several persons. Mrs. Susan Cox, an innocent bystander, was found dead from a bullet wound outside the building. Sheriff Sutton and posse made a thorough search of the White premises. They found one dead body in the debris, that of Sutton Faris, a painter. In a rear room, not damaged by the explosion, they found the two White brothers and placed them under arrest. It is uncertain what further action will be taken by Shotwell's friends in the way of vengeance. White had shot and fatally wounded James Shotwell for being refused to keep company with Shotwell's daughter.

**Divorce Specialist Indicted.**

Buffalo, Jan. 17.—Eight indictments against David C. Fitzgerald, an attorney, for subornation of perjury in different divorce cases, were reported by the grand jury. During December reports of alleged irregular action in certain divorce cases came to the notice of the supreme court, and Justice Hooker granted an order for Fitzgerald's arrest, charging subornation of perjury. The information on which the warrant was issued was sworn to by Mrs. Elizabeth Garlipp, who charged that Fitzgerald procured a witness

to swear falsely so that a divorce could be secured. One of the indictments was based on this case.

**Added the Cipher.**

San Francisco, Jan. 17.—General Dyer, who was arrested at the presidio by United States Marshal Shinn Jan. 10 on a warrant from Wolfe county, Ky., has been examined before United States Commissioner Hancock and ordered taken to Kentucky for trial on an indictment charging him with raising \$1 bills to tens.

**VENEZUELAN MUDDLE.**

**Castro's Conduct Is Not Agreeable to State Department.**

Washington, Jan. 17.—The latest advice from Venezuela was a short message from Minister Loomis indicating that the revolt, which broke out in the barracks at Caracas, had been suppressed. Such information as has reached here shows that while efforts to straighten out the complications with Venezuela are much embarrassed by the growth of the revolutionary movements, for there are really two, the issue is being made directly with the Venezuelan government, as represented by the defacto president, Castro. It is claimed that his agents are threatening to seize the arms of the New York and Bermudez companies' employees, which movement the State department officials regret that the Castro element is not meeting the advances of the United States in what they consider a reasonable and conciliatory spirit, but is showing a disposition to resent the department's request that no arbitrary action be taken respecting the asphalt concessions until the incumbents have had an opportunity to assert their legal rights in the matter. The aspect therefore is regarded as unpromising for a speedy settlement, and the case will require to be handled with great delicacy in order to avoid an open rupture.

**Bakers' Second Strike.**

New York, Jan. 17.—A new strike of Hebrew bakers commenced on the east side and about 500 men are out. After the bakers won their recent strike about 1,500 went back to work in 140 bakeries. Since then the owners of 50 of the bakeries have refused to discharge their nonunion men or to make them join the Hebrew bakers' union, and this is the cause of the latest strike. Proprietors of the shops claim that while the first strike was in progress the nonunion men who continued to work formed the independent Hebrew bakers' union. This organization is not recognized by the United Hebrew Trades, and is looked upon as a "scab" union.

**New Incorporations.**

Columbus, O., Jan. 17.—David Kirk Son & Company, Findlay, \$85,000; Sherwood Land company, Lisbon, \$4,800; Railway Supply and Manufacturing company, Cincinnati, \$100,000; Joseph Joseph & Brothers company, Cincinnati, \$400,000; Queen City Warehouse company, Cincinnati, \$50,000; First Baptist Church of Aldyston; Canton Lumber company, Canton, \$10,000; People's Telephone Company, Sardinia, \$2,500.

**Report From Kitchener.**

London, Jan. 17.—General Kitchener telegraphing from Pretoria under date of Jan. 16 says the concentration of 3,000 Boers at Carolina (Transvaal) is reported. He adds that Colville's mobile column was engaged near Van Tondes' Hoek. The Boers were driven off with heavy loss. A force of 300 Boers entered Aberdeen, looted the stores and retired on the arrival of 100 British infantry.

**Hotel Fire.**

St. Louis, Jan. 17.—Two persons were seriously injured and 35 others hurt as the result of a fire that burned the Stewart hotel, a 2-story frame structure, and 40 guests lost their clothing. The flames had gained such headway before they were awakened, that all escape except by the windows was cut off. Loss, \$10,000.

**Prosperous Year.**

New York, Jan. 17.—Directors of the New York, Chicago and St. Louis Railroad company declared a dividend of 2 per cent on second preferred stock, also the regular annual dividend of 5 per cent on preferred stock. No dividend was declared on second preferred stock last year.

**Dividends Declared.**

Ironton, O., Jan. 17.—The Kelly Nail and Iron company has declared a 50 per cent. semi-annual dividend. This makes 220 per cent in 18 months. The Belfont Iron Works company has declared a 6 per cent dividend.

Washington, Jan. 17.—The mandate of the United States supreme court in the Neely case, was issued Thursday and turned over to the attorney general. It was forwarded to the district attorney at New York.

## QUAY TAKES THE OATH

**Immense Throng In the Chamber to Witness the Ceremony.**

**GALA OCCASION FOR HIS FRIENDS.**

**His Desk, Where Hanna Formerly Sat, Smothered With Flowers. House Considering Bill to Revise the Postal Laws.**

Washington, Jan. 17.—Matthew Stanley Quay, elected to the senate from Pennsylvania, presented himself at the bar of the senate and took the oath of office. The galleries of the senate were thronged by a gay and brilliant assemblage long before the hour of meeting. Scores of Mr. Quay's friends, personal and political, had come from all parts of Pennsylvania to witness the final scene of a great contest—a scene which, by them was made a gala occasion. Mr. Quay was assigned the second seat in the back row on the Republican side, the desk formerly occupied by Mr. Hanna of Ohio. An hour before the senate convened elaborate and beautiful floral pieces began to be piled on and around the new senator's desk. By the time the senate was called to order, the messengers found it impossible to place to advantage any more floral offerings. Not in the history of the senate has a single senator been the recipient of such floral gifts. One of the handsomest pieces was a huge keystone arch of white immortelles, the keystone being of deep red immortelles. It was several feet high. Flowers came to the capitol literally by the wagonload, and it was found impossible to display all of them in the senate chamber. Many of them were allowed to remain in the senate corridors. Just before the senate convened Mr. Quay entered the chamber. As he was recognized by his friends tremendous applause swept over the crowded galleries. Meantime, Mr. Quay received cordial congratulations of his colleagues on the floor of the senate. As soon as the senate convened Mr. Penrose presented the credentials of Mr. Quay, which were read and placed on file. Mr. Penrose requested that the oath of office be administered to his colleague. No objection was offered and Mr. Penrose escorted Mr. Quay to the desk of President Pro Tem Frye. Before taking the oath Mr. Quay shook hands cordially with Mr. Frye. The president pro tem previously had announced to the galleries that no applause or demonstrations of approval or disapproval were permitted under the rules of the senate. Thus no demonstration occurred when Mr. Quay had taken the oath. After he signed the roll he returned to his seat, where he was overwhelmed with congratulations. Within a few minutes hundreds of people had left the floor and galleries, the floral offerings disappeared from the chamber and the senate resumed its routine.

A bill to provide for supports of entry and delivery in the Hawaiian islands was reported by Mr. Hanna from the commerce committee and passed.

**In the House.**

There were hardly 50 members in their places when the house met. A majority of the members went over to the senate to witness the installation of Senator Quay.

Without preliminary business the house went into committee of the whole with Mr. Lawrence (Mass.) in the chair, and took up the bill to revise and codify the postal laws of the United States. The order for its consideration made last week was modified so as to make it a continuing order, not to interfere with appropriation bills, conference reports and private bill day. Mr. Loud (Cal.) in charge of the bill, made a brief explanation of the provisions of the measure and explained in answer to many inquiries that the bill made no modification of existing statutes regarding railway mail pay, salaries of railway mail clerks or any of the mooted questions regarding the postal service.

The river and harbor appropriation bill passed the house practically as it came from the committee. It carries slightly less than \$60,000,000, of which \$23,000,000 is in direct appropriations. The section empowering the president to negotiate with Great Britain for the maintenance of suitable levels on the Great Lakes was broadened so as to provide for a joint commission to conduct the negotiations.

Norman McKinney, colored, lynched at Ocala, Fla., for wrecking Plant system train near Dunellon Sunday night.

**ON LAND AND SEA.**

**Wrecks of Trains and Ocean Vessels. British Cruiser Grounded.**

London, Jan. 17.—The British admiralty received a dispatch from the commander-in-chief at the Cape reporting that the cruiser Sybille, which was landing blue jackets to intercept the Boers, was ashore at Stembokfontein, near Lambert's bay, and adding that active measures were being taken to assist her. The official dispatch does not say the Sybille was wrecked. A press dispatch from Cape Town says the crew of the Sybille was saved.

**Lost In Indian Ocean.**

Port Louis, Mauritius Island, Jan. 17.—The British steamer Kaisari, which sailed from Rangoon Nov. 23 for Reunion, was wrecked at Reunion, and 25 of the persons on board, including the captain, lost their lives. The disaster was due to the hurricane which swept over the island Jan. 12, causing a number of vessels to be driven to the shore.

**Fast Train Ditched.**

Hilliard, Wyo., Jan. 17.—The west-bound flyer on the Union Pacific was wrecked on a curve near here by a broken rail. Six cars were ditched. Among 13 passengers slightly injured the most seriously were Frank W. Wood of Dayton, O.; S. E. Waite of Belleville, Ills., and Edward Taggart of Grand Rapids, Mich.

**Wreckage Found.**

Victoria, B. C., Jan. 17.—The steamer Queen City, from the west coast of Vancouver island, reports three ship's boats found smashed on the coast, together with the name board of a vessel with the letters "Reiner" still showing, also considerable lumber. The weather has been very rough.

**Rescued From the Reefs.**

Seattle, Wash., Jan. 17.—The German steamer Plottbek, which had been lying in a dangerous position among the reefs off Cape Flattery, was rescued by the tugs Wanderer and Tacoma. Great difficulty was experienced in extricating the vessels from rocks.

**Filipino Leader Surrenders.**

Hilo, Island of Panay, Jan. 17.—General Delgado, formerly the head of insurgents in the Island of Panay, has voluntarily surrendered. Since November the insurgent force has been broken up into small bands. A truce conference between Delgado and Major Noble, adjutant general of the Department of Visayas, resulted in Delgado and his staff entering Hilo and surrendering to General Hughes. Delgado sent word to the remnant of his command, numbering 70 men, that they were to come in and surrender. The command of Pulion, Dioceno and Quintan Sala are holding strong positions in the mountains of Capiz province. Battery G, Sixth light artillery, with four guns, and a force of infantry, are trying to discharge them and compel the Filipinos to fight in the open.

**Murdered on a Train.**

London, Jan. 17.—A sensational murder was committed on a train of the London and Southwestern railroad. The murderer entered the car occupied by Mrs. King of Southampton and W. Pearson of Winchester, at East Leigh. When passing Burbiton the man drew a revolver, killed Pearson and wounded Mrs. King in the cheek. He then robbed the pockets of Pearson. The murderer jumped out of the train at Vauxhall, but was pursued and captured. The police thus far decline to give the man's name.

**Said to Be Safe.**

Bowling Green, Ky., Jan. 17.—Luther A. Porter, genial good fellow, is said to be short in his accounts with the Warren Deposit bank of Bowling Green to the amount of \$49,000. Until recently he was cashier of the bank. Porter is still in Bowling Green. The stockholders have already assumed the loss. The sum of \$50,000 has been charged off from the surplus fund to meet it.

**Arrested For Horsestealing.**

Lafayette, Ind., Jan. 17.—Two men charged with horsestealing were brought here. They were arrested at Greenhill after a desperate encounter with a posse of citizens. Twenty-five shots were exchanged. H. Volt, cashier of a bank at Otterbein was slightly wounded. One of the prisoners was shot below the eye, probably fatally. The men refuse to give names.

**Married at Home.**

New York, Jan. 17.—Miss Alta Rockefeller, daughter of Mr. and Mrs. John D. Rockefeller, was married Thursday at the residence of her parents in this city to E. Parmelee Prentice, a young lawyer of Chicago. The large church ceremony originally planned had to be given up, owing to the recent death of a nephew of the bride.

Washington, Jan. 17.—The president nominated Colonel H. B. Freeman, Twenty-fourth infantry, to be brigadier general.

## POLITICS IN STATES.

**Legislature of Delaware Can't Get Together on Senator.**

**THE DEADLOCK REMAINS UNBROKEN.**

**Governor Tanner Withdraws From The Senatorial Contest In Illinois. Cullom to Have no Opposition. Another Failure In Nebraska.**

Dover, Del., Jan. 17.—The vote on joint ballot for two United States senators showed but little change in the deadlock that has resulted over the strained relations of the Republicans. It was as follows: For the full term: Richard R. Kenny (Dem.), 22; John E. Addicks (Union Rep.), 16; Henry A. Dupont (Rep.), 8; scattering (Rep.), 4; absent (Dem.), 1; absent (Rep.), 1; necessary to a choice, 26. For the unexpired term: Saulsbury (Dem.), 22; Addicks (Union Rep.), 16; Charles F. Richards (Rep.), 11; Benjamin Nields (Rep.), 1. The regular Republicans voted almost to a man for Richards.

**Clear Track For Cullom.**

Springfield, Ills., Jan. 17.—Governor John R. Tanner has withdrawn from the senatorial race. The announcement was made shortly after noon by Senator Pleasant E. Chapman, who was chairman of the Tanner steering committee. He had just come from Governor Tanner, who had authorized the notice of his withdrawal. The announcement of Governor Tanner's withdrawal was followed soon after by another that the other senatorial candidates, Cannon, Hitt and Prince, had withdrawn and that Senator Cullom would have no opposition in caucus.

**Again No Election.**

Lincoln, Neb., Jan. 17.—The vote on senator Thursday was as follows: Senator W. V. Allen (Fus.), 57; Gilbert M. Hitchcock (Fus.), 57; D. E. Thompson, 32; Currie, 22; Crounse, 10; Heinzer, 6; Hinshaw, 17; Meiklejohn, 24; Rosewater, 15; Kinkaid, 4; scattering, 12. No election.

**In Memory of Mount.**

Indianapolis, Jan. 17.—After a short session the Indiana legislature adjourned out of respect to the memory of former Governor James A. Mount, whose sudden death shocked the people of Indiana. The state officers met and adopted appropriate resolutions.

**Old Boundary Dispute.**

Nashville, Tenn., Jan. 17.—The senate has passed a bill which is virtually a quit claim to the state of Virginia of the northern half of Bristol's main thoroughfare. The question of the boundary line between the two states has been in litigation over 40 years.

**Initiative and Referendum.**

Salem, Or., Jan. 17.—Both houses of the legislature have adopted a resolution submitting to the voters of Oregon an initiative and referendum amendment to the state constitution.

**Philippine Freight Service.**

Seattle, Wash., Jan. 17.—The Colonial Steamship company of New York and Seattle announces the establishment of a line of freight steamers between Seattle and Manila, with the first sailing some time in April. Three steamships will be put on the route and a regular monthly schedule is to be arranged. A second line is being planned by the China Mutual Steamship company. The ships will carry grain, lumber supplies and manufactured articles from Puget sound, and will bring back hemp and hard wood. The quartermaster's department is arranging for a regular service of immense transports from Seattle to Manila. The Sam-a, a 10,000-ton ship, has been purchased, and will arrive from Hongkong within the next 60 days. Two other ships will also be put on the run. They will carry animals and supplies for the land forces in the Orient.

**Deer That Barks and Bays.**

Washington, Jan. 17.—Adjutant General Corbin has received word from the commanding officer at Dapitan, Mindanao, Philippine Island, that he has in his possession a male black deer of a species native to that island, whose peculiarity it is to bark and bay like a hound. Authority is requested for the transportation of the strange animal to the United States, with a view to its being placed in the Zoological park at Washington. The necessary authority will be given, but it is not believed the deer will be able to survive the long ocean journey and the great climatic change.

New Orleans, Jan. 17.—Rev. Hiram R. Revels of this city died suddenly while addressing his congregation from the pulpit. He was formerly senator from Mississippi and a leading negro politician of the state.

The people in one section may resolve and re-resolve against lynching and the next you hear one has taken place in their very midst.

RESOLVES and resolutions against lynching cut no figure with an outraged community when the victim of hellish and brutal lust lies at its very feet.

The Dover News entered upon its fifteenth year this week. Brers Stairs and Anderson are to be congratulated on the success of their paper. It is one of the best weeklies in the State.

The wages of 4,000 men in the employ of the furnaces of the Mahoning valley of Ohio have been cut from \$1.90 to \$1.65 a day. The furnace owners no doubt want to increase their "divvy."

Two or three companies of State militia will be sent to Corbin to put a stop to the White-Shotwell feud. The quickest and surest way to rid the State of these outlaws is to catch the leaders on both sides and hang them.

At Dayton, Ky., a city about the size of Maysville, the officer employed for that purpose has discovered an aggregate of \$100,000 worth of property that has hitherto been escaping taxation, and he is still after the tax-shirkers. Dayton is not the only city where the tax-shirker exists.

The Hanna crowd at Pittsburg are not heeding his advice to "let well enough alone." Twenty-nine furnace plants in and about that city have agreed to make a heavy cut in wages. This means wine and terrapin for the proprietors—hunger and want for the employees, very pertinently remarks the Georgetown News-Democrat.

### Mr. Carlisle's Clear Reasoning.

[Des Moines Leader.]

It remains for the closing speaker in this long debate, the big, brainy John G. Carlisle, to sum up, in one illuminating sentence, the essence of the whole controversy. It cuts through all intervening matter like an X-ray, and photographs the core of this split-hair encompassed problem. "The real question," says Mr. Carlisle, "is not whether the Constitution extends to the inhabitants of Porto Rico, but whether it extends over the Congress, the President and the Cabinet." This is like a flash of light in a dark room, revealing that which hitherto has been but dimly outlined. Webster never said anything more tersely strong.

### Mason County Schools.

[Southern School Journal.]

Mason County schools are now under good headway. Mason has one of the best, if not the best, system of public schools of any county in the State. Most schools are taught seven or eight months. The public money is supplemented by a county tax. Prof. Rhodon, of Washington, D. C., conducted the last institute. The grade of teachers in Mason is high. A number of the teachers hold State certificates, and are college graduates. The Superintendent, Mr. G. W. Blatterman, is to be praised for the rapid development of the schools during his administration.

## RIVAL CITIES.

Ashland and Catlettsburg in a Bively Row  
Over the Federal Judicial District Bill.

WASHINGTON, Jan. 16.—The bill which has passed the House and is now before the Senate, dividing Kentucky into two Judicial districts, has caused a jolly row among the people of that State. There are now in Washington two lobbies seeking to influence the legislation. The bill is an important one for the State, and it is not improbable that the contending claims may result in the defeat of the bill altogether.

As the bill passed the House it provided for holding a session of the new Federal Court at Ashland, Catlettsburg, the county seat, having been stricken out by Congressman Pugh and Ashland substituted. This has caused a rivalry among the towns. They are in the same county and only five miles apart. The bar, the banks and the other industries have taken a hand in the fight, and today the jolliest kind of a row is on between the two towns.

Senator Lindsay favors a change from Ashland to Catlettsburg, and Senator Deboe is understood to be similarly inclined. State Senator T. S. Kirk, who represents the whole mountain district of ten Eastern counties, is here, urging the selection of Catlettsburg, and is ably assisted by Colonel Marcum. Appointment Clerk Langley, of the Census Office, has also thrown his influence to Catlettsburg for the reason that, being at the mouth of the Big Sandy, he considers it the superior town for the holding of the court.

The Ashland people evidently believe that Catlettsburg is gaining ground, for a delegation arrived this morning from Ashland to urge the claims of that place and prevent, if possible, the change of towns that now seems imminent. They made a strong plea for Ashland, and tonight expressed the belief that they had won the fight. The indications are, however, that Senator Lindsay will win out, and that Catlettsburg will be designated as the city in which to hold the sessions of the new Federal Court.

### BITTEN BY MAD DOG.

An Old Man Named Fuller Attacked by the  
Rabid Animal Thursday Near  
Moransburg.

An old man named Fuller living on the Vicroy farm near Moransburg was attacked by a mad dog Thursday afternoon and badly bitten on the arm and leg. The dog was a large black hound, with tan legs. Mr. Fuller is very feeble from old age, and was not able to keep out of the way of the rabid brute. The dog was afterwards shot and killed by Mr. John Wells, of that vicinity.

Mr. Wells is in Maysville to-day raising a fund to send Mr. Fuller either to New York for treatment by the Pasteur method or to Cincinnati, the nearest place where a madstone can be had to apply to the wounds. The old gentleman has no means of his own for such a trip.

### A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters cured me, and, although seventy-three years old, I now am able to do all my housework." It overcomes constipation, improves appetite and gives perfect health. Only 50c, at J. Jas. Wood & Son's drug store.

Nearly \$6,000 worth of books, purchased for the new public library at Covington, were delivered Wednesday and an expert cataloguer began the work of properly arranging the volumes.

The weather has been fine for handling tobacco.

Mr. W. C. Sadler is out after an illness of several weeks. Mrs. Sadler is also convalescent.

The Fleming Board of Tax Supervisors increased the assessment of that county about \$100,000.

The Court of Appeals has reversed the case of the city of Augusta against McKibben, from Bracken.

The Peebles, O., News says A. J. True has purchased about 100,000 pounds of tobacco in that vicinity and is still buying.

Wm. McKoy, of Tuckahoe, will be one of Mr. James R. Roberson's deputies in the event of the latter's election as Sheriff.

The little daughter of Mr. and Mrs. Jim Dulin, of Helena, died yesterday and will be interred in the Dobyns burying ground to-day.

Rev. F. W. Harrop and Messrs. R. A. Cochran, W. G. T. Baker and Con Traxel, go to Germantown this evening to deliver addresses in the interest of the Y. M. C. A. movement at that point.

Mrs. Fanny Shropshire, of Georgetown, a pupil of the late Mrs. Cleora B. Savage, and who has in charge the fund for her monument, writes that she has received \$10 from Mrs. John G. Carlisle and \$2 from Mrs. Nannie Boulden Hunter, (of Washington, Ky.,) another pupil.

Dr. Leslie Reese, of Minerva, is in a critical condition, suffering with blood poison, the result of being struck with a ball from a Roman candle. The boys were shooting Roman candles on the streets of Minerva Christmas night, and a stray ball went up the young doctor's sleeve. His parents, Mr. and Mrs. Isaac Reese, of Shelby County, are at his bedside.

Great uneasiness is felt by the friends of John L. Scott, Jr., a prominent young attorney of Frankfort, over the fact that Mr. Scott has not been heard from for a month or more. He took the train for Louisville more than four weeks ago, and from that day no information is attainable as to his whereabouts. Mr. Scott was one of the Secretaries of the State Board of Equalization the last four years.

Brief mention was made Thursday of the death of Parson Reuben Warner, as he was known by all the older people, at Washington early Wednesday. His death was caused by an asthmatic affection. This old man was a capable and reliable carpenter and builder, and had the confidence of the community in which he lived. He was a noted preacher in his day and did good work among his race in slave times. Deceased had reached the age of ninety-seven years. He belonged in the Reeves family of this county in slave times, but was given his freedom.

We leave it to a discriminating public to say which is the more modest, Taylor at Indianapolis who stays away while claiming he is not guilty in the matter of complicity in Governor Goebel's murder, or Taylor at Washington who pleads guilty to the accusation of selling goods cheaper than anyone else in furnishing seventeen pounds of granulated sugar for \$1, and Arbuckle's coffee, eight pounds for \$1, and nine pounds of Levering or ten of Lion coffee at \$1, while boots and shoes and all winter goods will go at cost, as warm weather is coming on, regardless of whether Taylor shall budge an inch towards returning or not.

"A Texas Steer" tells the story of a wealthy Texan who has been elected to Congress, and his experience in Washington. A charming love affair runs through it all, the girl being the newly elected Congressman's daughter, and the man an army-officer. Many characters are introduced well known in Washington official and social life. The ways and means of the politician are well known, and the development of the rough Texas household in the social swim of Washington is particularly pleasing and ingenious. The cast will practically be the same clever one that presented the piece in its opening season. The original and unsurpassed "Texas Steer Quartette" will be a feature of the performance. The play is one of the best that ever came from the talented pen of Hoyt, and will undoubtedly be welcomed here to-morrow night by a large audience.

Mr. Kehoe Interested, Says This Special.  
[Times-Star.]

FINDLAY, O., January 16.—On application of J. N. Kehoe, of Maysville, Ky., the Heckert Baltzley Billet Company yesterday went into the hands of a receiver. The company, which manufactures steel tubes, owes Kehoe, who is a stockholder, \$77,000. In the past ten years four different firms have owned the plant and have successively sunk upwards of a million and a half dollars. The plant, employing 250 men, has been shut down.

The annual report of the State Prison Commission shows that the Eddyville penitentiary was operated last year at a less expense than in any previous year. ### THE MAGNOLIA MILLS.

A Successful Maysville Enterprise Enlarged and Improved—Now Equipped With Latest and Best Machinery.

One of Maysville's most successful enterprises is the Magnolia mills, owned and operated by Mr. R. A. Carr, on East Fourth street.

The BULLETIN recently stated that the mills were being enlarged and improved. The work has since been completed and the mills now present one of the busiest scenes in the city. A representative of the BULLETIN was shown through the various departments Thursday and saw the flour in the different stages of manufacture from the time the wheat is cleaned until it comes out the rich article of the second grade or the pure snow white article of the first grade.

The new machinery, recently put in, consists of a complete system of rolls and swing sifters, all of which was furnished by the Nurdyke & Marmon Company, of Indianapolis. It is the latest and best machinery to be found anywhere, and not only increases the capacity of the mills, but it turns out flour second to none.

Mr. Carr also erected a new brick boiler and engine room, and put in a new and larger boiler. Mr. W. O. Hoops, a Maysville man, now has charge of the engine.

Mr. W. P. Toland, an experienced miller, formerly of Hopkinsville, Ky., is in charge of the milling department. He is not only right up-to-date in his business, but is withal a most agreeable and very courteous gentleman who takes pleasure in showing visitors through the plant.

The Magnolia is running at its full capacity,—100 barrels a day. Mr. Carr's friends unite in wishing him continued success.

### NEW FIRM.

Mr. M. F. Coughlin Buys Mr. C. E. Biggers' Interest in the Wells & Biggers' Livery Stable on Market Street.

Mr. M. F. Coughlin Thursday purchased Mr. Charles E. Biggers' interest in the Wells & Biggers' livery stable on Market street, and the business will hereafter be conducted under the firm name of Wells & Coughlin. The new firm will also carry on the undertaking business in connection with their livery business.

Mr. Coughlin has of late years conducted a livery and undertaking business on Third street, just east of the jail, but will hereafter be found at the Market street stand.

The members of the new firm have had years of experience in the business, and are among Maysville's most enterprising citizens. Their many friends wish the new firm success.

Revival services will be held at the Methodist Episcopal Church, South, in this city during March. Rev. J. P. Lowry, of Little Rock, Ark., will conduct the meeting.

### Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for la grippe and all throat and lung troubles; tried it and says: "Three bottles cured the whole family. No medicine on earth equals it." Only 50c. and \$1 at J. Jas. Wood & Son's drug store. Trial bottles free.
